rexheng/simulacra
- **Other hackathons:** ClearPath (Claude @ LSE – NHS cancer waiting-time tool), Peel (Hedera × LSE – tokenised food-waste marketplace), Arrow (LSE Build – Phala TEE inference marketplace), The Republic (ETH Oxford – research intelligence platform), Musicity (Encode AI Hackathon)

LEADERSHIP & ACTIVITIES

London Intervarsity Case Competition 2026

Mar 2026

Co-Founder & Organiser – London’s first and largest AI-focused consulting case competition

- Scaled LICC to 250+ student signups and 60 teams through partnerships with 9 student societies across LSE, Imperial, UCL, and KCL
- Secured Red Bull Basement as headline sponsor, with additional backing from Cursor, Imperial IdeaForge, Whali, and FINEDA; recruited Bain & Company, and Pagoda CEO as finals judges
- Authored 20-page case on ethical AI allocation in HR workflows under EU AI Act; designed 5-category case rubric

Blackfriars Settlement – Laidlaw Leadership Placement

May 2025 – Present

Income & Web Development Intern – 130-year-old Southwark community charity

- Rebuilt charity website with Claude Code, improving accessibility, mobile responsiveness, and donation funnel conversion
- Designed three-tier sponsorship model (\$5K–\$25K annually) spanning venue hire, CSR programmes, and community partnerships, yielding 10 qualified leads and \$100K potential revenue

Singapore Armed Forces

Jan 2022 – Nov 2023

Motorised Transport Officer (Lieutenant)

- Selected top 10% of cohort for Officer Cadet School, undergoing 9 months of military leadership training in 127/22 OCC
- Commanded 200 men and over 100 military vehicles, including 3 combat platoons and transport headquarters
